

# The Happy Sheet

November 2017

## Club Events

### **The Iced Tea Challenge November 1, 2017 to March 31, 2018**

At a risk of getting my Southern Passport revoked let me just say I am not a fan of Iced Tea so I am OK with other pleasurable beverages being substituted in this Challenge! There are numerous hostilities around the lake and your challenge is to get an iced tea at as many as possible! There will be a prize. We will organize some sails to meet these objectives but feel free to set up your own adventures! Unless I sign up some students I will be sailing for a tea on November 18, 2017.

### **Full-moon-shine sail, Saturday, November 4, 2017. 5:00-6:00-9:00**

This is a very casual approach to an event. The Hollow Creek Distillery has a tasting room! (<https://www.facebook.com/hollowcreekdistillery/>) We will meet there for a taste of the “moonshine” followed by a moon rise over Lake Murray! Member and Guest event!

### **Escape the Turkey Sail, November 24<sup>th</sup>, 2017. 9:00-1:00**

Get outside and breath after all the Turkey and before the football!

### **End Of Year Sail, December 31, 11-4**

Finish 2017 the way 2018 should be.....get out on the water! A mellow lunch hour sail on Hummin Bird!

### **Happy Skull Hoodie Order By November 7, 2017 \$49.99**

I need a new Hoodie so there is an order going in! They are Hanes Ultimate Heavy Weight in Deep Royal Blue. Some thing warm for the Iced Tea Challenge!! They will be \$49.99(custom stuff ain't cheap I'm afraid) including sales tax. If you want one too call me with your card number or drop off a check or some cash. This will be the last order for this design on either Tees or Hoodies. I have Tees at the office for \$20 each including Sales Tax.

## Virgin Islands Sailing Charter, July 6 through 16, 2018

Deposits have been made and a boat booked!

After all the scary news following the hurricanes the news is that the islands are open for boat charter business!!

Apparently it is a little like a step back in time for some of the beach bars and restaurants. There is a lot of work to be done but having boats sailing around spending some money can be nothing but positive!

While double checking on boat availability it appears the boats with generator driven air conditioning are at a premium so I booked this 48 foot beauty!

[https://www.cyoacharters.com/boat\\_page.php?code=B48-1](https://www.cyoacharters.com/boat_page.php?code=B48-1) Apparently, it will sleep 10 close friends and family (we will not be testing that theory). We are currently at the tipping point of getting 2 boats. The second will be a 45 footer.

The rough plan is to get there on Friday July 6 and sail away on the 7<sup>th</sup> going to either the Spanish Virgins near Puerto Rico or to the British Virgins depending on sea conditions, island conditions etc. We will probably end the trip around St. John in the US Virgin Islands.

I have a personal budget of about \$2000 for the trip including the boat, flights, food, meals and drinks. I will be paying my own way for my vacation. Happy Sails, Inc and Lanier Sailing Academy are not responsible for this trip. It is opened up to club members first.

## Sunset Sails 2017.

Sunset Sails for this year will severely drop as the clocks change this weekend but they have been as spectacular as ever, Thanks to those that attended!
